

DeposZip® Desktop Remote Deposit Capture Application

List of Participating Financial Institutions

Last updated April 2020

The DeposZip® Desktop Remote Deposit Capture application for Windows, available on the Microsoft App Store, allows customers of participating financial institutions to make multi-check deposits to their accounts using TWAIN or WIA scanners.

Features and specifications

- * User-friendly interface design for fast, safe, and secure deposits
- * Designed for high-volume deposits and high-performance scanners
- * Fully compatible with scanners with TWAIN or Windows Image Acquisition (WIA) drivers
- * Multi-check load feature is available for scanners without TWAIN or WIA drivers

The following is a list of financial institutions offering the DeposZip Desktop app. If your financial institution is not listed below, you will not be able to use this app to make deposits. If you have any questions about how to use DeposZip Desktop, please contact your financial institution directly.

- Navigant Credit Union

The DeposZip Desktop application was released in April 2020 and financial institutions are being added to the service regularly. If your financial institution is not listed now, check back again in a couple of weeks or contact them directly to find out when they'll offer DeposZip Desktop.
